SC4

Perfect for quick and easy cleanup of smaller areas, rooms and spots in restaurants, hotels, schools, health-care facilities and homes.

- Cleaning width 12"
- Tank capacity 4 gallons
- Folding handle and compact design makes it easy to transport and store
- Exclusive lift-off bucket with bladder holds both clean and soiled water, makes it easy to fill and empty with no spills or mess
- Self adjusting, self levelling brush eliminates manual adjustment
- Designed for easy maintenance
- Cleans stairs and upholstery with optional tools

SC7 / SC12

These 7 and 12 gallon self-contained extractors offer portability, ease of operation, and performance. With up to a 19" wide cleaning path, high speed brush, and dual vacuum motors, the SC7 and SC12 can clean and dry carpets fast!

- Capacity 7 and 12 gallon models
- Cleaning paths 19" (SC12) and 17" (SC7)
- Patented, 4 wheel design for excellent balance and turning radius
- Dual vacuum motors for fast dry times
- Self-adjusting, self-levelling brush eliminates manual adjustment.
- Easy lift-off recovery bucket with no hose to detach
- Dual buckets with the SC12 for safe lifting and dumping of solution
- High speed brush for fast cleaning
- Adjustable handle and large wheels make climbing stairs and curbs easy
- Exclusive clamshell body allows for easy service
- Cleans stairs, floors, and upholstery with optional tools and hoses
- Vacuum head is off-set to clean up to baseboards and corners

BX12

The BX12 is designed to provide professional cleaning performance. With a standard 150 psi pump, dual vacuums, and an optional in-line heater, the BX12 has the power to reclaim the dirtiest of carpets.

- Powerful, 150 psi pump and dual vacuum motors with 150" water lift provides for optimum cleaning
- Available with or without built-in heater
- Opens like a clam shell, to allow access to motor compartment, guaranteeing fast, inexpensive service
- Compact design at only 78 pounds provides exceptional portability
- Sealed waterproof switches are inset at the top of the handle, ensures safety and ease of operation
- All motors are mounted to a metal baseplate to guarantee long-term durability.
- All fittings -- such as the strain relief, quick disconnect, etc. -- are fully protected, eliminating breakage during transport, storage and operation
- High dump allows for easy emptying into a 5 gallon bucket
- Vacuum motors are mounted upright (not sideways or upside down), eliminating premature bearing failure
- Intercooler cools the motor compartment, extending motor life
- Stair climbing handle and 10-inch rear wheels for easy transport
- Cleans stairs and upholstery with optional tools

BX2

The only small extractor truly designed to be a spotter. With a built-in transporthandle, molded-in holders for spray bottles, and a place to wrap the cord and hose, it is ready to clean those spots whenever you are!

- At 17 pounds, it is compact and maneuverable
- Tank capacity 2 gallons
- Built-in handle and 6" wheels makes it easy to transport
- Built-in spray bottle holders transform the machine into a spotting system
- Only upright-mounted vacuum motor on the market to insure longer motor life
- Over sized recovery to control foam
- Quickly opens up for easy servicing and repair
