

# HydroTube™

Pure Water Cleaning System

# IPC Eagle

The HydroTube™ is compact and portable, easily moved in and out of vehicles, up and down steps, and across any terrain. The HydroTube™ has the unique ability to produce a high volume of pure water on normal tap pressure. The possibilities are endless and the system can be upgraded at any time with an electric or gas module. This includes a 4 stage filtration system which includes reverse osmosis, and deionization process to produce mineral free water providing for incredible cleaning action and spot free windows.

- Lightest weight (28 Lbs.) Portable RO/DI Cart
- Easily transported in and out of vehicles
- Rolls effortlessly on sidewalks, grass and up and down stairs
- Operates laying down
- Comes complete with a choice of telescopic pole or sectional poles from 12' - 35'
- Handheld TDS meter
- Produces pure water at less than \$.03 per gallon
- Cleans up to 3 stories without a pump (Based on incoming tap pressure)
- Works on tap pressure only
- Easy change filters require no tools

### Eco-Boost - Add to your HydroTube™ for more power

- 50 PSI Boost
- Increase water production up to 2 times and increase productivity
- Clean as high as you can reach
- Can be used with two poles
- 32' cord with GFCI
- Lightweight at 17lbs
- Comes in either 1/2 horse Electric or Honda Gas module

(Patent Pending)

HydroTube™ with Eco-Boost, shown with electric module.

### Technical Data

Dimensions	57" x 13" x 11"
Weight	28 Lbs.
Power	Tap Pressure/Eco-Boost
Pump	No Pump
Working Hose Length	50'
Hose Reel	None Available

Number of Poles	1 Pole / 2 Poles w/Eco-Boost
RO Membrane	1 (4" Dia. x 40" Length)
Concentrate Flow Rate	.53 GPM
Pure Water Flow	.53 - .79 GPM* 1.03 - 1.29 GPM w/Eco-Boost*

\*Results will vary based on incoming water pressure and temperature
